

WEDDINGS

Let DJAM Productions help make your most important day a memorable one.

Standard Wedding Formats can include:

- *Formal Introduction/Entrance
- *Formal Announcement of Best Man Toast
- *Bride and Groom First Dance
- *Father/Daughter Dance
- *Mother/Son Dance
- *Wedding Party Dance
- *Cake Cutting
- *Bouquet/Garter Toss
- *Traditional Money dance
- *Open Floor Dancing (All)

I have a pretty simple philosophy about weddings, it's the Bride and Grooms most important day and a DJ should not get in the way of that. By that I mean the happy couple sets the tone and I provide it. I work for them and I want to make their day the most memorable ever. Having over 15 years of wedding experience I have done the traditional and not so traditional receptions.

If you're looking for the DJ that's going to pass out party favors and lead conga lines, I'm probably not the DJ for you. I provide a mood specially catered to your liking. I normally like to meet with potential clients in advance to discuss arrangements and to get to know the couple. The day of the event I work easily with coordinators, photographers, videographers, and event management. I provide the Master of Ceremony duties and play the variety of music the clients have especially selected. But I never lose sight what I'm there for and that's to provide the most professional DJ service I can.
